

CLARE VALLEY SPRAY APPLICATION WORKSHOP

Clare Valley Wine & Grape Association invites growers and their employees to an interactive spray workshop.

Nick Hall, Southern Horticultural Manager, SYNGENTA will demonstrate practical methods to set up your sprayer for the most effective and efficient coverage to protect your vineyard against fungal diseases this season.

Workshop includes:

- Field demonstration of a 4000L Silvan triple row sprayer and twin row Croplands sprayer, plus results using ultra violet (UV) dye to assess spray penetration and coverage
- Technical presentation covering; dilute application volumes, concentration factors, airflow adjustment, nozzle and droplet size

14th November 2024 from 5PM

At Jim Barry's Morrison's Vineyard, 121 Morrison's Rd

Please RSVP to Rachel Trengove by 12th Nov - 0438 452 003

Free to attend and includes dinner & drinks
